### VICTIMS OF A REVOLTING CRIME FOUND DEAD

By Associated Press  
SAVANNAH, Ga., Dec. 10.—Victims of a revolting crime, Mrs. Eliza Gribble, aged 70, and her daughter, Mrs. Carrie Ohlander, were found dead in their home today, while Mrs. Maggie Hunter, aged 32, was found just inside of the front of the house in a dying condition. The physicians say Mrs. Ohlander was the victim of a criminal assault before she was killed. A hundred and fifty negroes are prisoners at the police station, and are awaiting examination. A reward of \$1000 has been offered for the conviction of the assailant. The police believe the slayer used an axe to beat Mrs. Gribble to death, then struck down Mrs. Hunter after assaulting Mrs. Ohlander, and beat in her skull with the weapon.

### FREEDOM IS PLEDGED IRELAND BY LIBERALS

By Associated Press  
LONDON, Dec. 10.—At a monster mass meeting tonight at Albert hall, Herbert Asquith, the British premier, laid down the policy on which the liberal government is appealing to the country. He repeated what had been said by the other ministers, that if returned to power the government would demand the limitation of the house of lords. Then he went a step farther and pledged that the liberal party would grant self government to Ireland.

Bond is Fixed at \$300,000—Rumored That Frank Golden May be Indicted by the Ormsby County Grand Jury.

(Special to the Bonanza)  
CARSON, Dec. 10.—Judge Langan in the district court today accepted the resignation of George S. Hall, receiver of the defunct Nye and Ormsby County bank, and immediately appointed Thomas S. Lockhart of Goldfield to the vacant position, fixing the bonds at \$300,000, which Lockhart stated he would furnish. Petitions were also presented by former Governor Jewett Adams and I. G. Lewis, both of whom were desirous of acting as receiver. Adams was endorsed by Golden, but this had little influence with the court, who apparently has decided that the affairs of the Nye and Ormsby should be wound up and if there are any funds to be secured from the bank's securities, that the depositors receive a dividend. It is strongly rumored here that the Ormsby county grand jury will return an indictment against Frank Golden, the former president of the Nye and Ormsby, but the charge is not known.

### A. F. OF L. WILL AID SWITCHMEN OUT ON STRIKE

By Associated Press  
CINCINNATI, Dec. 10.—The American Federation of Labor will support the railroad switchmen on strike in the northwest, to the extent of its powers. This announcement was made by Samuel Gompers today after an extended conference with Frank Hawley, president of the North American Switchmen's union, and is taken to mean that if the railroad officials do not come to an understanding with the strikers, the trouble may spread until it involves other great labor organizations in the railway field.

### MORE THAN 350 BILLS INTRODUCED BY SENATORS

By Associated Press  
WASHINGTON, Dec. 10.—As promise of activity in the interest of legislation, senators today introduced more than 350 bills and resolutions covering a variety of subjects. Many failed to pass the last congress, and 90 per cent of them will receive scant consideration at this session. Many are for pension resolution authorizing the president to cause Zelaya's apprehension as a common criminal, charged with the murder of two Americans who were engaged in revolutionary activity in Nicaragua, contrary to the code of war of all civilized nations. No reports being made by committees both houses were without subject upon which to legislate. The senate therefore adjourned until Monday, and the house until Tuesday.

### Shocking Disclosures by Immigration Commission in White Slave Traffic

By Associated Press  
WASHINGTON, Dec. 10.—Revolting disclosures were made today in a report submitted to congress by the United States immigration commission on the so-called "white slave" traffic. Shocking as is the tale of voluntary shame told in the report, more so is that part setting forth well attested facts as to the compulsory consignment of innocent immigrant girls to an immoral life. Much of the matter in today's report was covered by the commission in a report a year ago, a large portion of which was unfit for newspaper publication. The commission says the immoral traffic is not confined entirely to women, but it is clear there is a beginning, at any rate, of a traffic in men and boys for immoral purposes. The vilest of practices, the report continues, are brought here

from continental Europe, and beyond doubt there has come with these men and women the most bestial depravity. The committee in describing the manner of its investigations recounts experiences of many of its agents. In some cases they were attacked and beaten, and even murder narrowly averted. Most of the women, according to the commission, come by way of New York, San Francisco and Seattle. The importations come from all countries, France leading, the Chinese and Japanese making up a majority of those coming by way of the Pacific coast. The "market price" varies from \$300 to \$1000 each for the alien women, and sometimes they are not sold outright, but the procurers continue to live from their earnings.

Thomas S. Lockhart is at the head of the Florence Mining company, and resides at Goldfield. He was represented at the court proceedings at Carson yesterday by Attorney Van Dyke, of the Goldfield firm of Watson and Van Dyke. Lockhart is one of the heaviest de-

and stated in his petition that he would serve as receiver without any salary, asking for expenses only. He further said that if appointed he would employ a practical banking man and would endeavor to turn the securities of the defunct bank into collateral as soon as possible, positors in the Nye and Ormsby.

### WILL GIVE FICKERT CHANCE AT CALHOUN

By Associated Press  
SAN FRANCISCO, Dec. 10.—The trial of Patrick Calhoun, president of the United Railroads company of this city, was continued today by Judge William P. Lawlor until January 10. The continuance was granted at the request of the district attorney and counsel for the defense. District Attorney William H. Langdon explained that he desired to give the incoming district attorney, Charles M. Fickert, an opportunity to assist in the selection of a jury, as that, he said, was one of the most important parts of the trial.

### FRAIL WOMAN COMPLETES WALK OF 435 MILES

By Associated Press  
DENVER, Dec. 10.—Miss Arizona Owens, who completed her 435 mile walk from Shoshone, Wyo., to Denver last night at 7:30, appears none the worse this morning for her experience with the blizzard during her 16-day trip. "To make a living," is Miss Owens' explanation for the unusual journey, which she says was made on a wager that she could accomplish the feat in 17 days. Miss Owens, who is small and almost frail, says she has walked long distances before in the south and in Missouri. She is a native of Arizona.

### Zelaya Says he has Been Condemned by America in an Unjust Manner

By Associated Press  
MANAGUA, Dec. 10.—"The government of the United States unjustly condemns my administration," said President Zelaya in an interview with a staff correspondent of the Associated Press today. "I proposed to Secretary Knox that he submit the case for investigation to a committee of his own choosing, agreeing to surrender my rights to the presidency if his charges in the letter to Isidore Hezera, former Nicaraguan minister to the United States, could be substantiated. So far Knox has not replied. I am defenseless against the hostility of this powerful nation, but I must submit I've been condemned unheard. "The coercion by the United

States does not redound to its credit as a nation whose motives have been questioned by all Latin America. The shooting of Groce and Cannon was a pretext. Both were amenable to the laws of Nicaragua which distinctly authorize the shooting of individuals commanding rebels. It is different if persons are captured in the course of an international war. The attempts by Secretary Knox to establish the inability of Americans participating in foreign revolutions will result in constant revolutions led by immorals. "The initiative in the shooting of Groce and Cannon was not mine. I simply refused to extend clemency to them after a properly constituted military tribunal had passed upon the case."

### ICE TRUST IS FOUND GUILTY BY JURY TRIAL

By Associated Press  
NEW YORK, Dec. 10.—The American Ice company was found guilty today by the supreme court of restricting competition in, and attempting to create a monopoly of, the sale of ice. The jury was out but 40 minutes when the foreman announced that a verdict had been reached. The court immediately imposed the maximum sentence of \$5000 fine, under the provisions of the Donnelly anti-monopoly law of this state. This is the first conviction under the new law, and it will probably be carried to the highest court in the state. John B. Stanchfield, the counsel for the defense, intimated that the finding against the company, which is said to supply ice to eight million customers, would mark the first step in its ultimate dissolution.

### FUEL OIL TANKS ON THE ST CROIX LEAKED BADLY

By Associated Press  
SAN FRANCISCO, Dec. 10.—That the fuel oil tanks of the St. Croix leaked badly, and allowed seven barrels of oil to ooze into the bilge during one trip, was the statement made to the federal inspectors today by John Drullard, formerly first assistant engineer of the burned craft. Drullard wasn't on the St. Croix at the time of the disaster. He stated that the condition of the vessel was such that he didn't care to go to sea aboard her, and left the employ of the company after he had made the fourth trip. According to Drullard, a lighted cigarette might have been thrown down the ventilator by a passenger, and have caused the fire.

SAN FRANCISCO, Dec. 10.—Chan Yin Tang, the successor of Wu Ting Fang, minister from China to the United States, accompanied by the members of his family and about 40 secretaries and Chinese students, arrived this evening on the steamer Mongolia. He succeeded in delivering his man to Hammel, but was himself captured by the Mexicans and condemned to be shot for abduction.
